

# HOTEL METROPOLE

MONTE-CARLO

## NON-EXHAUSTIVE LIST OF HEALTH PROTECTION MEASURES PUT IN PLACE FOLLOWING THE RECOMMENDATIONS OF THE GOVERNMENT OF MONACO:

All our collaborators are trained in key preventives gestures and new operating methods in place to ensure your safety.

Our establishment has a designated person in each department whose mission is to ensure the correct implementation of sanitary measures as well as their respect.

Before reopening, our entire establishment was cleaned and disinfected according to a protocol certified by a specialized company.

Use of masks is required for all our employees and guests following the recommendation of the Government of Monaco.

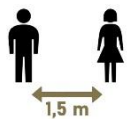

All room keys are disinfected and safely presented at check-in.

Before reopening, our ventilation and air-conditioning systems have undergone a complete purification treatment according to a protocol certified by a specialised company.

Installation of signage reminding of the key preventive actions to adopt.

Respect of the rules of social distancing (1.5m minimum) between the tables in our restaurants as well as between the sundecks in our swimming pool area.

Implementation of reinforced cleaning protocols for all our living spaces and contact points (handles, lift buttons, counters, etc...) which are disinfected every two hours at the most.

Provision of hydroalcoholic gel in all public areas as well as disinfectant wipes in some areas (concierge desk, reception, business center...).

Our rooms, like our public places, are cleaned and disinfected every day according to a strict protocol and with certified equipment and products.

The guarantee of a secure environment in the Principality
