

## A WORD FROM THE GENERAL MANAGER...

Since 2007, the Hotel Metropole Monte-Carlo has been committed to a sustainable development logic implementing an environmental policy entitled:

### « GREEN ATTITUDE »

To this end, it intends to continuously improve the energy performance of the hotel and reduce the carbon footprint of its activity on the planet.

Through this environmental policy, the Hotel Metropole Monte-Carlo undertakes to:

- ✓ Comply with environmental legislation applicable to its activities,
- ✓ Continuously improve the energy performance of the facility,
- ✓ Promote the preservation of biodiversity and the protection of natural areas, both in the management of its activities and in its partnerships,
- ✓ Promote sustainable development and the "Green Attitude" to its customers, employees and suppliers,
- ✓ Reduce waste production,
- ✓ Increase its humanitarian actions,
- ✓ Continuously improve its management system.

To meet its commitments, the Hotel Metropole Monte-Carlo is focusing on:

- ✓ Increasing the monitoring of its water and energy consumption,
- ✓ Raising awareness of its employees to the Green Attitude and training in eco-gestures,
- ✓ An eco-responsible purchasing policy thanks to a rigorous selection of suppliers and subcontractors,
- ✓ Being involved in the social field by supporting local associations,
- ✓ Updating regularly its "Green Attitude" policy,
- ✓ Efficient organization of selective sorting, reduction of paper consumption, replacement of single-use plastic and reduction of food waste.

*"AT THE HOTEL METROPOLE MONTE CARLO, GREEN IS SUBTLY SEEN AND INTENSELY EXPERIENCED."*

- ✓ Based on this credo, the Hotel Metropole Monte-Carlo has chosen to give its customers the opportunity to experience environmentally friendly actions and experiences during their stay, according to their desires.

The "Green Attitude" has developed strongly over the years and is an integral part of the hotel's DNA and corporate culture. Aware of the urgent situation, the Hotel Metropole Monte-Carlo will continue to work in favor of the planet and there are still some great projects to discover.
