SPRING 2023

SPRINGTIME IS HERE!

Butterflies announcing the arrival of Spring have taken up residence at the Hotel Metropole Monte-Carlo. This delicate display of twirling blue butterflies is the work of Perrine Guyonnet, the hotel's Artistic Director.

This decoration is an ode to Spring, which represents renewal, the longer days, the awakening of nature, transformation and rebirth.

An audacious artistic scenography which is displayed in all the hotel in an infinity of nuances of blue: navy, ultramarine, azure, indigo... of the cocktail, with the scarf of the hostesses as well as the art of the table... A celestial, soothing and refined color that promotes tranquility, reflection and meditation.

As visitors pass through the revolving doors of the Salon des Princes, they are greeted by the energetic luminosity of a Klein blue tree with open cages filled with beautiful butterflies. As one moves into the center of the Lobby Bar, one discovers the impressive flight of 10,000 butterflies swirling, landing delicately and gracefully throughout the space.

HOTEL METROPOLE
MONTE-CARLO

For more than ten years, the Hotel Metropole Monte-Carlo has reinvented itself through incredible scenographies that reflect the rhythm of the seasons in the heart of the hotel.

The works of art, which are both sculptures and decorations, are subtly displayed throughout the hotel. From the tables in the lobby bar, to the rooms, to the staff uniforms. Everything matches the atmosphere of the moment to offer guests a unique experience at every stay.

LOBBY BAR

The Lobby Bar's head bartender has imagined a sweet and tasty cocktail to celebrate the return of warm weather.

Made with Hendrick's Flora Adora Gin, blue curacao, pineapple juice, lime juice, peach liqueur and cotton candy syrup, the "Spring Butterflies" which has a very striking final touch featuring a lovely blue butterfly.

AMENITIES

The exquisite in-room attention to detail is the creation of Chef Christophe Cussac and his Pastry Chef Patrick Mésiano. Blue tones are declined in sublime and delicious little chocolate and blueberry pastries.
