LA VIE EN ROSE

Immerse yourself in an irresistible summer atmosphere at the
Hotel Metropole Monte-Carlo.

A unique and unforgettable experience awaits you!

FROM 3 JULY TO 2 OCTOBER, A WHIRLWIND OF PINK TAKES OVER THE VENUE

This summer, the Hotel Metropole Monte-Carlo is adorning its finest features with a decoration entitled "La Vie en Rose", designed by the talented Perrine Guyonnet.

La Vie en Rose is that magical moment when you let yourself be carried away by the enthusiasm and warmth of summer. Every moment is experienced with greater intensity, and every smile becomes a promise of happiness. Imagine yourself basking in the soft pink light, where every detail exudes romance and elegance. You won't be able to resist humming Edith Piaf, raising your glass of rosé and enjoying a whole evening of pure relaxation.

This predominantly pink décor is not simply a colour, but an invitation to savour the beauty of the present moment. In summer, this ambience takes on a very special dimension. The sun shines high in the sky, and the lobby is transformed into a haven of freshness and conviviality. Laughter and cheerful conversation resound, creating a vibrant atmosphere full of life.

Whether you are a resident of the hotel or just passing through, "La Vie en Rose" is an experience not to be missed. Come and discover this setting and let yourself be seduced by this summer's unique atmosphere at the Hotel Metropole Monte-Carlo.
